DESCRIPTION

- FM transmitter that sends music to your car radio wirelessly.

MAIN CHARACTERISTICS

- Yellow LCD Display
- Blue LED ring Backlight that will bring you a cool music atmosphere and you can also find the device easily at night.
- The car adapter can fast charge two devices simultaneously via PD 24W and QC 3.0 port, 4X faster than standard chargers.
- Pair it with your smartphone or tablet to wirelessly listen to your music thanks to its Bluetooth technology compatibility.
- Hands-free function to talk on the phone while driving. The car transmitter has a built-in microphone that allows you to easily answer, hang up, reject incoming calls or redial the last number with a click of the button. You can use the multi-function buttons to control calls and music, seamlessly switch between calls and music, for safer drive.
- It also supports voice navigation for mobile phones: Siri & Google assistant activation.
- Noise Cancellation for clear talking.
- Supports music files like MP3, WAV, APE, FLAC.
- Aluminum rotatory knob provides superior operation.
- Equipped with a special structure design for heat dissipation which prevents overheat issues.

- Easy to Set UP: Auto-Scan feature automatically finds the best available FM frequency (Frequency range: 87.5-108.0MHZ) to broadcast on. Let you find the best available frequency within seconds, saving time and trouble.

- Wide compatibility: It is compatible with most Bluetooth enabled devices. It also fits all vehicle type including car, van and truck (12-24V).
