Audio Freedom

A close-up portrait of a woman with dark skin, looking upwards. She has white face paint: a triangle on her forehead, a vertical line of dots down her nose, and curved lines with dots on her cheeks. She wears a crown made of many long, thin metal spikes. Her hands, adorned with rings and a bracelet, are positioned above her head, holding a glowing, textured orange sphere. The background is dark, and the lighting is dramatic, highlighting her features and the spikes.

A long-exposure photograph of a multi-lane highway at night. The image captures light trails from vehicles, with bright white and blue streaks on the left side of the road and vibrant red streaks on the right side. The road curves into the distance under a dramatic, cloudy sky with a pinkish-red hue. On the left, a multi-story building with lit windows is visible. On the right, there are trees and a road sign. The overall scene conveys a sense of motion and urban activity.
