Freedom
addicts

Hi,
We're
NGS®

About us

We're emotion. Passion.
Sophisticated yet straightforward.
Provocateurs.
And radically different.

We're technology to enjoy
a lifestyle full of great vibes.

At NGS we do our bit
to provide more freedom.
Freedom to dream.
To live life to the fullest.
To have fun.
Freedom to move around.
We don't just like freedom,
we're addicted to it.

We're

Freedom addicts

One of the leading European multinationals with more than **thirty years of experience** in the manufacture of consumer electronics, computer peripherals, carry cases, smart home products, etc., designed to meet the needs of people in love with fashion and a dynamic lifestyle.

Our headquarters are in **San Sebastián** on the northern Spanish coast. This location has it all: stunning scenery, cuisine, lively beaches and a historic old town.

With a highly qualified workforce, spread across the branches we have in the main European cities, at NGS we sell our products via e-commerce, distributors, specialists, wholesalers and department stores.

Because we're a brand with a defined international leaning that operates in more than thirty countries. And a clear goal: to boost the presence of **NGS** worldwide. That's why we listen, observe and learn from different cultures to adapt to them and meet your needs with the very best service and customer care.

Our story

In 1986, we started our activity with research into new technologies to produce uninterruptible power supplies (UPS).

In 1993, we decided to give a new impetus to our business and began to diversify our catalogue, including new product lines. We also took another very important step: outsourcing production. Thanks to these two initiatives, we achieved greater productive and competitive capacity.

At **NGS** today, we provide a wide range of products, consumer electronics, computer peripherals, carry cases, smart home products, etc., which have positioned us as an industry-leading company.

This evolution and growth reflect our firm commitment to becoming a technology and entertainment company aimed at a young-minded audience fascinated by technology and innovation.

Quality and **safety**

All NGS products have been manufactured under the strictest quality and safety controls stipulated by international regulations. These are totally necessary measures that help us provide the very best products with the highest guarantees.

Passion for **design**

We have an obsession: designing our products with a groundbreaking image that definitely turns heads. We like to provoke. To turn on back on monotony. Our passion for design is present in everything we produce.

Added **value**

We provide a host of standout elements that add value to the product and make us different from the rest: prestige, information, shopping experience, price, etc.

We're **social**

Social media presence is a vital part for the positioning of a company today. At NGS we firmly believe in building a large and active community of fans. That's why we have a clear strategy in this area, delivering quality content tailored to the needs of users.

Everything
is
connected

Totally **transparent**

We speak clearly, without beating around the bush, with total sincerity. Because transparency and honesty help us interact with our customers, employees and providers with the utmost trust and credibility.
