DESCRIPTION

- Wireless circumaural (over-ear) headphones with an enveloping design and high-quality ear cushions that ensure long-lasting comfort and excellent passive noise isolation. Compatible with Bluetooth 5.4, they offer a fast and stable connection with a range of over 10 meters, optimized for a smooth experience at all times.
- Equipped with a 500 mAh battery, they provide up to 75 hours of continuous playback at 50% volume, making them an ideal choice for those seeking maximum battery life. A full charge takes approximately 2 hours via the USB-C port.
- They feature a built-in microphone for hands-free calls and direct access to voice assistants such as Siri or Google Assistant. Integrated on-ear controls allow you to manage volume, playback, and calls without touching your phone. For sustainability and maintenance reasons, the model includes a system that allows the battery to be safely removed.
- Their foldable design makes storage and transport easy, making them an excellent option to carry in a backpack or bag and use anytime.
