- FOR MUSIC
- CONTROL BUTTONS
- BT WIRELESS CONNECTION
- 90H WORKING TIME*
- 10m WORKING RANGE
- ANC 5 MIC
- ENC CLEAR CALLS
- WIND NOISE CANCELLING
- FOLDABLE DESIGN
- SWIVEL EARCUPS
- FAST CHARGE
- HANDS FREE
- REMOVABLE BATTERY
- USB-C AUX IN
- LOW LATENCY 85-105MS
- 60% RECYCLED PLASTIC

DESCRIPTION

- NGS ARTICA NOVA are wireless headphones made from 60% recycled plastic, designed to deliver an immersive audio experience by combining advanced Active Noise Cancellation technology of up to 40 dB with a high level of comfort, battery life, and environmental responsibility. Thanks to their 5 microphones, they effectively reduce ambient noise, including wind noise, so you can enjoy your music, calls, and multimedia content with complete clarity. They also feature Transparency Mode, allowing you to hear your surroundings whenever needed.
- Their dual-microphone system with ENC technology significantly improves call quality by capturing your voice more accurately, even in noisy environments. The dynamic drivers are designed to deliver balanced, powerful, and detailed sound, with a frequency response of 20 Hz to 20 kHz that ensures faithful reproduction of all types of content.
- In terms of battery life, ARTICA NOVA stands out with outstanding performance, offering up to 55 hours of playback with Active Noise Cancellation enabled and up to 90 hours without ANC. In addition, the fast-charging system provides several hours of use with just a few minutes of charging.
- The battery is removable, complying with the new European regulation EU 2023/1542.
- They feature wireless technology with multipoint connectivity, allowing the headphones to be paired with two devices simultaneously and switch easily between them.
- Their foldable design, combined with memory foam ear cushions, provides a comfortable fit even during extended listening sessions.
- They also include a low-latency mode to eliminate delays while gaming. Normal latency is 300–360 ms. With low-latency mode enabled, latency is reduced to 85–105 ms.
- They combine technology, long battery life, and comfort, making them the ideal choice for enjoying music, calls, or entertainment anytime and anywhere.

MAIN CHARACTERISTICS

- Compatible with bluetooth 6.0
- 60% recycled plastic
- Active Noise Cancellation (ANC)
- Noise reduction: 40dBs
- Transparency mode
- Wind noise cancelling
- Low latency 85-105ms
- Control buttons
- Hands free clear call
- (2 mics with ENC system)
- Battery: 3.7V/800mAh
- Working time: 90 hours*
- Working distance: up to 10 meters
- Fast charge:
10 min charging: 6 hours ANC ON
10 min charging: 10 hours ANC OFF
- Charging port USB-C
- AUX IN by USB-C
- Foldable design
- Frequency range: 2402-2480 MHz
- RF max output power: XXXX dBm

* 90 hours at 50% volume with ANC OFF
50 hours at 50% volume with ANC ON

PACKAGE CONTENTS

- ARTICA NOVA
- Carry case
- USB-C charging cable
- Installation guide
