DESCRIPTION

- **140W Portable Battery:** This powerful fast-charging external battery offers a 140W PD 3.1 output capable of charging laptops. It also features another fast-charging USB-C port of up to 30W for charging smartphones and tablets, as well as a USB-A QC3.0 port (18W) & SCP 22.5W.
- **Power Bank 30000mAh:** With a capacity of 26800mAh, this power bank is the perfect companion for daily commutes, short trips, or busy days. It can charge your laptop 1.5 times, your iPad 2-3 times, your iPhone 5-6 times, and your Samsung, Huawei, or Xiaomi 5-6 times, ensuring you always have power when you need it most. Its compact size and high capacity provide peace of mind and reliability wherever you go.
- **Lightweight Design:** This portable battery stands out for its ultra-lightweight design, with compact dimensions of 104x80x51 mm and a weight of only 584 grams. Its portability allows you to carry it comfortably in your pocket and hold it easily with one hand, offering convenience and practicality.
- **LED Display Features:** It includes a modern and stylish LED display that accurately shows the remaining energy at the touch of a button, with precision from 1% to 100%. Additionally, it displays the charging power in watts being delivered to connected devices in real-time. It allows you to check the battery level at a glance, ensuring you never run out of power when you need it most.
- **Safe Material:** This power bank is made from durable, high-quality materials and features built-in protection against overheating, overcharging, and short circuits. This universal mobile power bank is compatible with all laptops with USB-C charging input, as well as iPhones, Samsung, Xiaomi, Huawei, and many other smartphones, tablets, Bluetooth earphones, fitness trackers, smartwatches, and other small devices.
