TECHNICAL SPECIFICATIONS

High quality gas lift (Class 3)

This gaming chair gas lift features 12 cm height adjustment capability.

Tilt mechanism

Options to tighten or loosen the back pressure for your comfy.

Durable superior wheels

Certified 360-degree swivel, heavy-duty nylon base and PU smooth-rolling casters of 60 mm for great stability and mobility. Solid 5-star base frame, extremely sturdy.

Ergonomic design

This office/gaming chair designed with human-oriented ergonomic construction for providing comfort sitting experience. NGS Wasp has a rocking function (15°).

This gaming chair can support a maximum capacity of up to 125kg.

High-quality material

The net fabric seating cover and foam filling of the cushion are made of superior quality, while the stitching details add up to the modern design of the chair.

The padded back and seat provide support and keep you comfy all day long.

The surface is net fabric, which has good ventilation and heat dissipation.

Optimal comfort

Integrated headrest cushion. It can protect your neck spine during gaming or working.

Detachable lumbar cushion filled with high density sponge it can relieve your stress for sitting for a long time.

Padded armrests for even more comfort.
